Dear Industry Colleagues,

With the constant changes in urology, it is imperative that the practicing urologist remains on the cutting edge. For this reason, the first Jackson Hole Urological Conference was started forty-two years ago. The format of the meeting focuses on balancing the urologist's intellectual stimulation applicable to his/her practice with the input from our board and many previous faculty members.

The Jackson Hole Seminars has the unique format of 4 speakers and 4 critique panelists with international recognition that interact at the end of the day dissecting each presentation involving the audience.

The pinnacle of the meeting includes the presentation of the specially designed Bronzes, awarded to the best presenter.

Exhibitors and sponsors are an important part of our meeting because it allows attendees of the meeting to learn about new products and devices that could benefit their practice. Since the exhibitor location is immediately outside the conference, there is ample opportunity for interaction.

The exhibition space is limited, so reserve your space at the 2023 Ralph E. Hopkins Urology Seminar at Jackson Hole soon.

Sincerely,

Fernando J. Kim, MD, MBA, FACS
